

## Enderley Road Medical Centre Testimonial

Les Cowens,  
Practice Manager,  
*Enderley Road Medical Centre*

*“I used to use 2 or three suppliers to test and calibrate our blood pressure and ECG machines but I was keen to find one supplier who could expertly test and calibrate all our equipment” says Mr Cowens. “I looked at a few companies but they seemed expensive and I wasn’t confident that they could do everything we needed. A colleague recommended Vitalograph and I decided to give them a try. We booked a full day and I was delighted with the service. The technicians were highly professional and worked around us to ensure there was no disruption to the surgery. All in all it was a first class job and I wouldn’t hesitate to use them again”.*
